Discovery Montessori School summer camp
Summer Program 2009

Dear Parents,

We are looking forward to a wonderful summer experience in our new school. Our school grounds will make a wonderful exploring and educational area, with us tending to our new vegetable garden and watching all kinds of flowers bloom! We have fenced in the picnic area so that we can have both indoor and outdoor classes. We have a feeling that the outdoor classroom will be used a lot this summer.

Our summer program will be starting on June 8th and ending on August 14. The theme we chose for this year is “Around the world in 70 days!” We are incorporating art and geography together to make it a colorful and dynamic program. Ms. Sharmini is in charge of this cultural program. Ms. Julie, Ms. Kala, Mrs. Hancock, and Mrs. Lin will be joining Ms. Sharmini to bring various interests such as food, culture, art, music and dance from 10 different countries around the world to our school. The countries we have chosen are Sri Lanka, Japan, France, Mexico, China, Ethiopia, Malaysia, United States, India and Guatemala and we will be exploring countries in this order. Program hours are from 9am through 3.30pm daily.

The timetable for this program is as follows

Mondays	we will introduce the country and its geographic location, weather, flags, capital etc.
Tuesday	we will explore art, music and dance of that country.

Wednesday we will concentrate on putting together an art project, specially chosen by Ms. Julie. Ms. Julie will work with children Monday-Friday to give lessons on the development of art and the history through art of that particular country.

Thursday we will work on creating a costume and preparing and practicing for the presentation on the following day.

Friday We will prepare food from that country and present what they have learned to the class. We will be using several resources from the community- books, music and videos from the library. If you are interested in participating in any way please inform us the week before.

We will also dedicate a few hours each day towards reading, math and language lessons, and plenty of outside time, which includes exploring gardening, taking walks and water activities. If you think your child may need some improvement in a certain area please feel free to make an appointment to sit with Ms. Sharmini to design a lesson plan for your child.

We are looking forward to a great summer at Discovery Montessori School. We are accepting summer enrollments now so please fill out the application and sign the contract if you wish to enroll your child in our summer program.

Thanks

Lakshmi Mohan
